

EDUCATION

- **St. Petersburg State University(Department of Math and Computer Sciences)** Saint Petersburg, Russia
Bachelor of Applied Mathematics and Computer Science(Modern Programming) September 2021 - Present
Courses: Linux Fundamentals, Programming Fundamentals, Object-Oriented Programming, Programming in C, Calculus 1, Calculus 1, Discrete Mathematics 1

SKILLS SUMMARY

- **Languages:** C++, C, Kotlin(Java), Python, Bash
- **Frameworks:** Qt, Compose for Desktop
- **Tools:** Git, L^AT_EX, MARKDOWN, Regular Expression
- **Platforms:** Linux, Windows
- **Communication:** Russian(Native), English(Pre-Intermediate)

EXPERIENCE

- **Kirov Summer Multidisciplinary School (LMSH)** Full-time
Teaching intern June 2021 - July 2021
 - **Lectures for schoolchildren:** In such areas of mathematics as number theory, discrete mathematics and geometry.
 - **Other teaching work:** Checked solutions and prepared materials for classes.
 - **Pedagogical work:** Arranged joint activities and games for children and helped them get to know each other.

PROJECTS

- **Diff utility(Kotlin):** The program allows you to compare the contents of two files and find differences between them, there are different modes of operation.
- **Key-value database(Kotlin):** The program is the simplest database for storing strings by key, supports encryption and serialization to a file.
- **Simple diagram drawer(Kotlin):** The program can draw various charts on csv tables in the window and save the images to a file.
- **BMP utility(C):** The program allows you to cut and rotate and save photos. Implemented the possibility of steganography.
- **Hunt the Wumpus(Java):** Classic text based computer game. OOP and patterns are used to separate the essence and logic of the game.

HONORS AND AWARDS

- Prize-winner at the All-Russian Olympiad in Mathematics - 2021(44/166)
- Prize-winner at the All-Russian Olympiad in Economics - 2019(13/77), 2021(43/135)
- Prize-winner and winner of many brown subject Olympiads

VOLUNTEER EXPERIENCE

- **Judge of the Ural tournament of young mathematicians** Kirov, Russia
Checked the personal Olympiad and conducted mathematical battles. Present
- **Jury member of the City and Regional Mathematical olympiad** Kirov, Russia
Checked the participants' work and discussed the criteria. Dec - Feb, 2021-2022
Jury member of Saint-Petersburg mathematical olympiad St. Petersburg, Russia Checked of participants' decisions and assistance in organizing.Feb - Mar 2022
